As partners in this Christian community, your signature demonstrates a promise that you will take an active role in your child’s spiritual development. *Throughout this school year, St. John is piloting a model of parents leading in their children’s classrooms.* As we cross the generations, using the Vibrant Faith Model, St. John hopes to equip parents to be faith leaders for their kids. One or more parents or family representatives will work as a team with the other parents to set up a calendar for leading the particular group your child is in. How many times each parent will lead is dependent on the class size. You are welcome to lead a class by yourself, with a family member, or with another parent.

Parent/Guardian Signature(s)

Beginning on Thurs., Aug. 11 at the closing of VBS and Day Camp, a calendar will be available for parents to sign up to lead. After Aug. 11, the calendar will be available in the Commons Area until the end of Aug.

ST. JOHN SAFETY POLICY

Parents/Guardians, please escort your younger children to their assigned classrooms and plan to pick them up at their classroom door when church school is done. The leaders will stay in the classroom with the students until all have left safely.
